ling emigration from the Stuth to Libe is lie to-day denounced the thorts being made by foreign governments to colouire Africa.

'I can never he done successfully,' he said, "for the reason that the white man is no adapted to the climate of Africa.

The only means by which Africa can be evangelized, colonized and civilizer is through the age-ney of the American ending the togo back to Africa and rule that will be a large exodus of negroes from the little States to Africa, but not now or fo generations to come.

There are lessons to be learned in the liouse of their tondage, both by negroes and their former musters, before a large exoduse to Africa, would be anything to be deep the way open and produce a healthy impression upon the sufficient out the African continent. But not enough to make the slightest ropices on upon the numerical estatus of the negro population of this country. "Nother France nor England is disposed to atop the progress of Libera on the African continent if she is able to advance in the nerests of civil ization. I do tot conside that the recent treates will make my change in the political or commercial status of the republication of the former in a structure of the republication. The former is still ample room for mater at development and there are reliable guar antees for peace and order among the neigh noring aborignes."

TEST CASE

To Prove Constitutionality of Sol diers' Preferences

I oston 10th 23—The constitutionality of solidiers preferences so clief is the tested. Today in the suprome court fudge Allen was presented with a part in an brought by Prederick W. Brown settled the Commissioners for a writ of maintaining to commissioners for a writ of maintaining rights and privileges as public competitor for the position of detects e on their transfer of the position of detects on the position of detects of the position.

hadion by them to be eligible for that position.

It is alleged the commissioners unlaw fully and in violation of constitutional rights of Brown gave a preference for certification and appointment to Fdwin D. Bean who was not subject to an examination or to the qualification tests allels Brown had been put to and the reference was not found by the commissioners under the awa to be qualified for the position.

Bounds and the position. Bean is a veter in, and was given the perference under he new act raised for the benefit of solcier veterans. The petitioner claims that the fact is unconstitutional and asis for a mandams to put him in the rightful enjoyment of his alleged lawful rights in, the presides.

in Dreaden ribbons and silks, and the small patterned (Thine satins of last winter. These fabries are as delicate and sheer as veiling, and they make and sheer as veiling, and they make while out upon a long-walk Sunday eventually though delicated in pattern and coloring, though delicated in pattern and coloring, though delicated in pattern and coloring. The American Characteristic in the case of the Lewiston has been taken for the distribution for the case of the Lewiston has been taken for the case in the case of the Lewiston has been taken for the case in the case of the Lewiston has been taken for the case of the case of the c

and sheer as veiling, and they make summer-like aid dainty gowns, which though delicated pattern and coloring, may be worn on cool days and evenings during the eatire season. The American challis are this summer exceptionally pretty in design, but the quality, though good, is not at all like the French goods.

An almost incredible amount of material goes into the fa-hionable dress skirt, for the large flutes fall close to gether. It is only when the entire width of the skirt lie m is revealed that any idea of the fulness and volume of these flutes an cut such a skirt properly, which includes hanging it successfully. Occabiling the attempts of a "prentice" sail away from the lands for one to two drunken brawls were fall away from the lands one of two drunken brawls were fall away from the lands of the contrary, falling short of proportionate length by some inches. Nothing of the kind looke wire and the sanateur who sepires to dressing well would better limit the event were and a condition to the changes on the grounds.

Young lady who lost her new gold watch while out upon a long, walk Sunday event and the ocupants of ten is may watch the sunder and the ocupants of ten is may watch the sunder which at our paper College street. There was plenty going on in Auburn may have an exceeded in finding the same on the rough side with keeping a nuisance at throw as a restent for the was a good looking girl.

There was plenty going on in Auburn mount of in a few days and the lock of murder his boarding these are extented for the was a good looking girl.

The covering on the track is all receiving in their own teams, The track is all receiving an unisance at their low as a restent for mounter his boarding house arrested for the was a good looking girl.

The covering on the track is all received to in finding the same on the counter with a finding the same on the counter was arrested for the while out upon to long walk sounds received to in finding the same on the counter with any on the deal will have a contracted for the s worse, and the santeur who aspires to dressing well would better limit her ambition or exercise her powers upon any other portion of the gown than the skirt of the season.

Heavy white lines duck suits that cost quite as much as a slik costume are made with gored skirt showing inserted points on the lower portion of each seam, made of rich linen lace. The blouse or walst coat and the immense sailor collar and revers are trimmed with pink or blulinen, with a bordering of linen lace in sertion about two and one-half inches wide. The "short back" sailor hat is relimined with a simple white band piped with a color matching the trimmings of the gown.

I'retty outling suits of blue imperia serge have Eton jackets with tabled fronts and large bishop sleeves. Wast

were completed the firm name became the first particular and the town. Ray then galleped, off the secape.

K!neo The next meeting of the Maine commission of pharmacy will be held at Portland, Aug. 14.

An ingenious instrument is the megaphone, or long distance speaking trump et and receiver. Did you ever see one? It consists of a large cone-shaped cylin der riade of pulp, about live fee; in length, two feet wide at the larger end and about a couple of nebes in diameter at the smaller. This tunnel-shaped thing is hung in an iron loop about five feet from the ground supported by a rod affixed to spreading legs or floor rests. substitute a luminof butter. Measure Speaking into the little end of the horn in

an orrinary tone of voice, one's words are audible for a distance of balf a mile in the direction in which the megaphone is pointed. Spoken is a rather high key of earthenware, with a handle and the words can be distinctly heard for from one and shalf to two miles. These and rinse them thoroughly in clear contrivances are principally used on board yachts and at seastle or lake cot. the pipkin in which they have been tages to enable those on shore to one soaking add a tablespoonful of salt, verse with friends at a listance upon the an ever, tablest conful of molesses water. It is also possible, by placing the and a teaspoonful of mustard. Stir all ear at the small end of the megaphone to hear what is said at a distance as clearly a heaping tablespoonful of butter as though the speaker were near-by.

Alden, of Boston, uet, for circumstances have made her what she is. It is customary for men in Mr. and Mrs. George Brown, of Brockhigh places to tell her that "her preper sphere is the home;" that her highest aim in life is a bountiful reproduction Gen. H. M. Plaisted left yesterday in of the race, and that to the monotonous rock of the craile and the never ending stitch of the needle must all her high and hely ambitions be sacrificed. In other words, they tell us she should become a household machine, an automaton to supply the family needs, with never a thought of the indwelling soul Mrs. H. G. Rowe leaves this morning that requires but the touch of the megic wand of love to waken it into life, that soul which, when aroused, responds to humanity's needs as the soul of man Miss Mary Snow returned Tuesday never can. But it is irony of the cruelest kine to talk or even to think of woman in such

a restricted light. Trueing down through past ages, what do we find? What does past ages, what do we find? What does history reveal to us. That many great Cal., is in the city at the Binger House.

Messrs. Elliah Howe, Jr., and Walter who were abknowledged as such, and c. Howe, of Dedham, Mass., are in the 'woman' was written. It is not the Rev. E. F. Pember, of this city, will past, however, with which we have to deal, but the living present, with its endless perplexities and struggles.
If home is the place where alone woman should shine, might I ask how

many of the earnest, thoughtful workers of the current er have homes? Are not the majority already struggling for Mrs. A. R. Hopkins and family are at the barest existence -often, too, with others dependent on their exertic It is unnatural to suppose that woman

the West End Hotel, Bar Harbor, for a Mr. and Mrs. C. A. Lyon are passing a enters the ranks of laborers merely to gratify a passing whim or to exploit some special fad. Moreover, in this age few days at their camp, Lyon's Den, Hotof progress and advanced thought, why Mr. W. J. Lord, of the firm of Lord & should she be relegated to the rear rank in the march of progression? Conditions, Bragdon, has returned from a business" both social and economic, have forced her into the competitive arena, and once there she has learned to make the most of her opportunity. It would indeed be Mr. and Mrs. S. M. Perkins and child, strange if it were not so, for allied to a keenly analytic mind woman to a pecaliar degree possesses e iduring pationes.

Mrs. J. I. Cayting, of Boston, is visiting her sisters, Misses Etta and Baroura It is true that wen on, as a class, are Mrs. George W. Thompson of Portland, who has been visiting in this city, mind of woman achieves results through different processos from those of the mind of man. He, it seems, must reach Mr. and M s. Cram, of New York, are visiting their daughter. Mrs. G. T. a conclusion by slow egic, while she intuitively obtains a like result with a Mr. W. P. Nealley, of the firm of Snow intuition. & Nealley, has returned from a business

The new woman ass had a hard battrip to the western part of the State.

Rev. E. F. Pember, pastor of the Universalist church, and family leave soon for Katahdin Iron Works to pass a few male contingent as a pushing, aggressive creature devoid of all those divite qualities which constitute female lovchild and Mr. and Mrs. E. C. Hilton, of ableness. This is a n istaken attribute Belfast, are in the city at the Bangor House.

House.

House. -turns out to be the daintiest bit General Manager F. W. Carr, of the American Express Co., left Tuesday allied to earnest effort does not necessarily indicate a large, masculine, for bidding looking woman

Mrs. Temperance Yeaton, of Saginaw, Comparisons are frequently made be-tween the women of the pleasent day an I Mich., is the guest of Mrs. Robert Graves. Mrs. Yeaton has not been in Bangor for twenty-five years.

The steamer Sedgwick took a large party of excursionists from Oldtown to Fort Point Tuesday morning. The party returned early in the evening.

West thowever of the present day and those of past decades, frequently to the disparagement of the former. Grandma, Strictly proper in every sense of this word, sho was content to sit by the fire side ministering contentedly first to the wants of her children and afterward to those of their children. Mr. Reuben listey, formerly of Bangor, now principal of the Belfast high school, is in the city visiting his parents, Rev. and Mrs. George B. listey.

Mr. Joseph Graves, arrived in the city yesterday from New York on his way to Orong for a visit at his old home. He Orono for a visit at his old home. He rode from New York to Boston on his that, rejoicing in the right which his de-manhood had given bits. Thus his de-voted wife could well afford to play the personification of gen Jeness and good nature, sented in the "nglenook," Mr. and Mrs. Frank Hinckley and Mr. Frank C. Hinckley left Tuesday morning for Norcross, where they were to

ing for Moreross, where they were to
Those were the days when the country was new, when forcign immigration had not invaded our shores and when everpopulated cities of the old world had not landed at our doors their sur-Mr. E. R. Burpec, who, with his family and party has been travelling in plus, unfed, unhoused poor. It is these wage reducers that to a great extent Europe for several months, sailed for home on July 20th. The rest of the have helped to bring about the present unequal and unjust state of affairs. The infair of the non-English speaking element among the lower classes has been a bar to material progress. Inured for centuries to poverty, they can sustain life on the merest pittance. Hence the father of an American family, no longer able to secure the same compensation for his labor as of old, as forced to call upon sons and daughters alike to aid in keeping the wolf from the door. Is woman, then, to be blamed for con-

have been the guests of Mr. and Mrs. J. G. Blake, have returned home.

ditions over which she has no control?

Miss Kate McCann has gone to Wood. It is the couse which s toold be probed stock, N. B., to be present at the mar, to the root, not the affect alone white reage of her brother, Dr. Dariel McCann, should be consured and derided. Or on the 24th inst. The br de Miss Mary greatest men have invariably risen from as Angusta recently arrived in the sity yesterday. Umpire Lezottee has been E. Cole, has many friends in this sity amail beginning, hard 'viv should not relustated and supplied as Augusta yes terday.

COMMANDS A STEAMER Ers. Blanche S. Leathers Under tands Mis-

Mrs. Blanche S. Leathers, who has lately been granted a master's license, is the first woman to assume command of a steamer of such importance as the Natchez, which rans between New Orlleans and Vicksburg. Captain French, the only other woman who helds a cap-

license on the Mississ ppi, com-CAPTAIN BLANCHE S. LEATHERS.

mands a show boat that stops here and there along the river for a night's performanie. Ever since Mrs. Leathers was married, 1- years ago, her ...ome has been

Lee and afterward on the Natchez yard regularly until she knows every inch of the craft from pilothouse to keel Sho knows every twist and turn and every landing of the river, and being an economical helpmest proposed that she turn her knowledge to practical account Her husband, Captain Boylgage a temporary captain in order to cover the law governing stramboats.

Mrs. Leathers according y applied for and after passing a brilliant examination obtained a master's license. She has charge of the domestic affairs of the steamer doing all necessary shopping, looking after the linen and attending to the servants. It is quite apparent that the feminino captain looks upon the masculine one as her superior officer. for it is only in her husband's absence that the full responsibility fells upon the young and handsome wife, who looks the domestic woman to perfection, seen in her pretty rooms on the hei er dock. These are arrange i with all the necessaries and comforts with which a cultured, home loving woman would naturally surround hersol! Broad pli to glass windows, shaded by pretty desper-ies, pictures, books, a pilar of an I dainty bits of needlowork, testify to the lexurious tastes of the occup ints. Mrs. Leathers is the drughter of Mr James S. Donglas, a Louisiana planter, and was educated under rrivate totors

in a manner litting a society leader and not a woman destined to assume duties requiring technical know edge, concen-| Galvanized Ton and Plumbtration, courage and conness in emergencies. But she cares no hing for sociing Work to be done in a ety and thinks herself the happiest woman alive To quote her own works: "Our lives have been that of two "Our lives have been that of two dear con panions—pariones, if you wil, for course des, rather. I know every detail of his business, because he makes me his confidante, and I know, too, just how much money we can a ford to spend and when it is necessary to save. We have no children, so tell Capita no Loothing that the Matchine is my finite. workmanlike manner and at
